WOODSMAN SPARE THAT MAIL BOX!

Now hold it! Wait! Chopping down your mail box won't make the least bit of difference to the collector of taxes. He'll find you however you try to hide. E. P. Willis of Sandy Hill Road, Trout Creek, looks in vengeful mood as he saws through his mail box post. Actually he is being extremely helpful to the rural mailman by lowering his mail box to make it possible for the delivery-man to insert mail without leaving his car.

## Fallout Disagreement Adds to Public Fears

By ALTON L. BLAKESLEE  
NEW YORK (AP) — Invisibly it drifts from the skies.

A bit is falling now. Some fell yesterday; more will come tomorrow.

You cannot see it, feel it, hear it, nor taste it.

It is radioactive, mysterious. It frightens, confuses, agitates millions of people the world over.

This is fallout, the radioactive rain from tests of A-bombs and H-bombs.

The United States has collected more of it than most and is the

"hottest" country, says Dr. Willard Libby, an atomic energy commissioner.

DOESN'T MEAN MUCH

But he and others add that this doesn't mean much—that fallout is adding only a tiny bit to the radioactivity that grandmother and grandfather lived with.

Fallout is at the heart of one of the great urgent issues of the day—whether to continue testing these weapons. It involves military, scientific, emotional, political, humanitarian questions and arguments.

Is fallout dooming millions of

future babies to monstrous deformity, death or illness? Is it right now—giving some of us cancer or stealing away days or years of our lives?

Experts disagree. Their answers add to our puzzlement.

But there are some points, some perspectives, to help understand the problems and the issues of fallout.

NOT NEW

One is that fallout is a very old thing, indeed. Nature has always been sprinkling us with a radioactive rain. That rain made you and all your ancestors radioactive.

Every minute some 500,000 radioactive atoms explode inside your body, giving off beta rays (electrons). And there's absolutely nothing you could ever do about it.

Atomic bullets known as cosmic rays hurtle in from space. About 1,000 smash and rip through you every minute.

These cosmic rays also create radioactive carbon high up in our atmosphere. The radio-carbon drifts down, and becomes part of the carbon chemicals in wheat and corn and pigs and people—all living things.

In the ground you walk on, some 100,000 atoms of radium, uranium and thorium flash off rays every minute in the average square foot of soil. They give off X-rays travelling hundreds of feet. These rays hit you. They account for 30 to 60 per cent of all the natural radiation hitting your body.

## \$4,000 Damage To Trucks in Road Collision

OSOYOOS — Two steers were killed and a number of other steers will have to be disposed of as a result of a costly collision between two cattle trucks late Monday afternoon between a truck trailer unit belonging to Frank Filiginski of Omak, Washington, and a truck driven by John McGibbon of Oliver. Over \$4,000 damage was caused to the trucks but fortunately no one was injured.

Filiginski was proceeding south of Highway 97 with 40 head of cattle. He was following the McGibbon cattle truck when McGibbon turned left and Filiginski's driver failed to see his signal and struck McGibbon broadside, smashing the McGibbon truck and killing the cattle.

The accident occurred about seven miles north of Osoyoos at Deadman's Lake, scene of numerous previous accidents. The road is composed of several curves at this point.

## TODAY'S BULLETINS

### Nation-Wide TV Set for July 1

OTTAWA — (CP) — Formal opening of Canada's coast-to-coast micro wave television network will be July 1, it was announced today. The announcement was made by the Trans-Canada Telephone System, builder of the 3,900-mile network which cost about \$50,000,000, and the CBC, the biggest single micro wave user.

### Harris Seeks Ontario Liberal Post

TORONTO — (CP) — Walter Harris, former federal finance minister, announced today he is a candidate for leadership of the Ontario Liberal party. In a brief announcement, Mr. Harris said, "I am a candidate for the leadership of the Ontario Liberal party. If, as I hope, I am chosen, I will do everything that I can to lead the party to victory in the cause of liberalism and good government."

### Doukhobor Move to Cost \$1,400,000

VANCOUVER — (CP) — Sons of Freedom Doukhobors will tell the provincial government today it would cost more than \$1,400,000 for transportation of their sect from British Columbia to south-western Siberia. The figure is contained in a three-page brief which a Freedomite delegation plans to present to a government representative — probably Deputy Attorney-General Dr. G. D. Kennedy — at a meeting here.

# Bread Price Boost Urged by Farmers

WILL ARRIVE HERE APRIL 24

## Deputy Minister to Air Civic Problems

J. E. Brown, deputy minister of municipal affairs, will be in Penticton on Thursday of next week, April 24, to discuss the controversial Skaha Lake domestic water extension issue and any other municipal problems with interested parties.

In a letter to city council last night, Mr. Brown said he would be prepared to discuss "any problems that are causing you difficulty or concern."

Latest move in the Skaha Lake water deadlock, in which city council insists it has no alternative but a local improvement plan for the water extension, and Skaha Lake ratepayers are equally firm in holding out for either a general revenue plan or general bylaw, was council's compromise of maximum and minimum frontages on which the local improvement levy would be assessed. Minimum frontage would be 50 feet and maximum 200 feet. This new policy is now in effect on all local improvement schemes henceforth initiated.

For the Skaha Lake area, the new policy means that of the total cost of \$108,000 which the water main extension would cost, the city would pay over \$70,000 with the abutting property owners paying about \$38,000 amortized over 20 years.

Council has emphasized that if the Skaha Lake project is to go ahead definitely this year, the property owners must submit a 60 per cent petition for it on a local improvement basis.

The petition must be received not later than April 29, if the project is to be included in the final 1958 budget.

Skaha Lake ratepayers, however, are waiting for Mr. Brown's visit before taking any action.

Meanwhile a report to council from the city assessor last night said the new policy for waterworks installations in subdivisions which council has approved in principle, should work out satisfactorily. The policy is designed

to put subdividers on the same that the city would pay 58.2 per basis of equity for cost of domestic-cent of the cost and the subdividing water installations, as those, 47.2 per cent. Out of the 16 who are paying for a share of water-lots, five would need adjustment for main cost under local im-of frontages with none being over 200 feet. The report was referred to the assessor's report noted that to the domestic water committee on a sample subdivision of 16 and the city superintendent of lots, the new policy would mean works.

## DEFICIENCY PAYMENTS FOR CANADIAN FARMERS SOUGHT

EDMONTON — (CP) — The royal commission on price spreads heard today a farm suggestion that consumers be subsidized as a means of keeping living costs down.

The Alberta Federation of Agriculture said the subsidy should take the form of deficiency payments to farmers.

Federation secretary J. R. McFall said these federal payments would help farmers maintain a low basic selling price, thus reducing the price to consumers.

It would be, he claimed, the equivalent of a boost in wages for consumers.

By keeping prices down, producers would be better able to compete in domestic and world markets. Furthermore, he said, "deficiency payments can always be controlled so as not to over-stimulate production."

## Choirs Unite in Stirring Concert

"We hope this is the start of a festival choir that will go on for a hundred years."

Members of the audience echoed these sincere words of Alton Walton, vice-president of the Okanagan Valley Music Festival executive committee, after last night's stirring performance by the Centennial Festival Choir.

One hundred Okanagan voices, men and women, united in song under the leadership of an English musician who in a few rehearsals had inspired them to sing as a Valley choir has rarely sung before.

W. Stanley Vann, Master of Music at Peterborough Cathedral, England, who is adjudicating choral and vocal classes at the music festival, conducted the choir in a fitting tribute to British Columbia's centenary.

Music festival organizers expressed disappointment that the audience was not larger at the performance which climaxed the first day of the music festival in Penticton High School.

The choir, one of the largest ever assembled here, comprised members of Penticton United, Anglican, Baptist and Pentecostal church choirs; Penticton Men's Choir; Penticton Ladies' Choir; Summerland Singers and Players; Summerland United Church Choir; and singers from Kelowna.

The short concert began with the singing of "Te Deum Laudamus" to the music of the English-born Canadian composer Dr. Healey Willan, followed by Sir Hubert Parry's "Blest Pair of Sirens" in which the choir revealed its delightful harmonious qualities.

At the suggestion of conductor Vann, who described it as "a rather nice English tradition," the audience stood during the singing of Handel's "Hallelujah Chorus" which ended the performance on a joyous note.

Mrs. E. C. McNeill, who brought the choir members together for the concert, hopes they will sing each year at the music festival and on other occasions.

She said those who missed last night's performance will have an opportunity to hear the choir at the city's jubilee celebrations May 11 when Douglas Glover of Kelowna will conduct a concert in the Band Shell.

"Mr. Vann has been a great inspiration to us," Mrs. McNeill added. "He's certainly shown us what we can do."

## Tentative Dates Set for Series

KELOWNA (CP) — The Allan Cup finals are coming to Kelowna this weekend and it will be the first time this Okanagan city has been the scene of the struggle for the battered Canadian senior amateur championship trophy.

Bellefleur McFarlands, Eastern Canadian champs, are due to arrive in Kelowna to begin the best-of-seven final series Monday night in Memorial Arena against Kelowna Packers, the western champs.

Dr. Mel Butler of Kelowna, Canadian Amateur Hockey Association representative, said today that if, however, it is possible to start the series Saturday night, April 19, it will begin then. This will depend on Bellefleur's departure date for the west.

President plans for at least one game to be played in Kamloops, 110 miles northwest of here. Two games will be played there if the series is a long one.

Should the series begin Monday April 21, Dr. Butler said, succeeding games will be played April 23-25-26-28 and May 2-4 if necessary.

## Allies Ready for Talks With Russia

PARIS (Reuters) — The British, American and French envoys in Moscow will inform Russia Thursday of their government's readiness to open Ambassadorial talks on an East-West summit conference, government sources said today.

## CRITICIZES HIGH SCHOOL COURSES

## 'Shocking Waste of Time'

VICTORIA (CP) — Courses in home economics, health and personal development in high schools were criticized as "a shocking waste of time" by Dr. Malcolm McGregor in an address to the British Columbia Parent-Teacher Association.

Dr. McGregor, professor of classics at the University of British Columbia, told delegates to the annual convention that such courses have no place in the high school program.

He suggested there is a good deal of persuasion at home to tempt daughters to take the home economics course.

## 'Not too Much for Consumer to Bear'

By HAROLD MORRISON  
Canadian Press Staff Writer

EDMONTON (CP) — Boost the price of bread and give farmers a break, says Chairman G. L. Harrold of the Alberta Wheat Pool.

Appearing before the royal commission on price spreads, the pool chief Monday proposed that the retail price of bread be increased by one cent a loaf, with the boost turned back to farmers in the form of a higher domestic wheat price.

This, he maintained, would compensate the hard-pressed growers for having kept the domestic wheat price low during and immediately after the Second World War.

An increase of one cent a loaf was "reasonable" and "not too much for the consuming public to bear," he told the seven-member commission which has set out to measure the gap between producer and consumer prices and decide whether it is excessive.

If consumers agreed to the price increase, the selling price for wheat could be jumped by as much as 50 cents a bushel, pushing the price of top-quality wheat to more than \$2 a bushel from the present \$1.55 or so.

Other farm spokesmen complained of inefficiency in grading practices and of livestock marketing operations that tended to interfere with orderly marketing through public stockyards.

President A. W. Platt of the Alberta Farmers' Union said too many low-grade hogs are being turned into high-grade bacon without farmers getting any price benefit.

Livestock, graded according to quality, tended to lose its identity in packing plants. Farmers might be paid a low price for low-quality animals but when cut up, the meat might fetch high-quality prices.

Mr. Platt and Agriculture Minister C. Halmrast of Alberta spoke of some farmers selling directly to packers instead of marketing through stockyards.

Commission members appeared skeptical about the proposal. Commission member W. Malcolm Drummond of Guelph, Ont., wondered about the impact a price boost would have.

L. Harrold claimed there was a wide spread in the price of bread.

Howard MacKichan of Halifax said it seemed to him farmers had already been compensated for the alleged low wheat prices. He didn't see why they should be paid \$65,000,000 from the federal government some years ago?

Commission Chairman Dr. Andrew Stewart of Edmonton questioned what a wheat price boost would have on production. Canada already had a heavy surplus.

## Landslide Blocks Major Road Link

QUESNEL, B.C. (CP) — Highway department work crews labored Monday night to save the only road link between this community and the south as a thaw-loosened landslide slowly deluged it with mud and rubble.

Four homes facing the town across the Quesnel River on the side of Red But Hill were evacuated as the slide moved down the hillside on to the roadway, destroying telephone and power lines in its path.

One of the homes was twisted and tilted at a 70-degree angle Monday night. The highway winds round Red But Hill as it approaches this farming and lumber community in the heart of the Cariboo country, 300 miles north of Vancouver.

The slide struck at a junction of an old section of the road and a new section opened by the highway department last year.

The work crews managed to keep a route open over the slide area for light traffic and hastened construction of a temporary diversion.

Telephone and telephone service was maintained by way of lines laid around the affected area.

The Pacific Great Eastern Railway line from Vancouver to Quesnel was closed.

VANCOUVER (CP) — Conellators leave today on a six-week tour of 25 B.C. school districts in an attempt to solve teachers' salary disputes.

## Britons Get Minor Tax Concessions

LONDON (Reuters) — The Conservative government today made only minor tax concessions in a 1958-59 budget aimed at checking inflation and avoiding recession.

Chancellor of the exchequer Derick Heathcoat Amory told a crowded House of Commons in a two-hour speech he has "every confidence that our position will remain strong."

He added, however, that "we should be watching particularly carefully developments in the United States—the present recession there is naturally causing a feeling of uncertainty."

The chancellor had to provide revenue for an estimated expenditure in the new fiscal year of about £5,500,000,000 (£15,400,000,000). This includes £1,418,000,000 for defence, £240,710,000 for the health service and £434,640,000 for education.

For the average Briton, the biggest tax concessions came on a variety of household goods. Purchase (sales) taxes in many cases were halved.

There was no change in the

present stiff income tax of about 42 per cent after allowances. But some relief was given on the allowances themselves in the case of elderly people and those supporting dependent relatives.

Britons will enjoy cheaper movie tickets as the result of a cut by more than 50 per cent in the entertainment tax. The tax on some wines was also reduced slightly.

EFFECTIVE NOW

All of the announced tax changes take effect immediately. Among budget highlights was a flat tax of 10 per cent on both distributed and undistributed business profits. This replaces a 30 per cent tax on distributed profits and three per cent on undistributed profits.

Purchase taxes applied to most good used by the average household were reduced across the board. Items now taxed 60 per cent and 60 per cent will in future carry taxes respectively of 60 and 30 per cent.

The rates of electrical appliances, washing machines, refrigerators, cameras and musical instruments were cut to 30 per cent from 60.

## Sykes Quits To Contest Board Post

KEREMEOS — J. S. Sykes, acting-chairman of the Board of Commissioners of the Village of KeremEOS, has resigned as commissioner. He will contest the vacancy as chairman of the board created by the sudden death of F. W. Kieckhefer, in the forthcoming by-election on May 8.

Mr. Sykes' resignation will necessitate the filling of the vacancy on the Board of Commissioners. The deadline for filing nominations for both vacancies is April 29.

## Pleads Guilty To Car Theft

Keith St. Cyr of Moose Jaw, Saskatchewan, pleaded guilty in Penticton police court this morning to a charge of car theft. He was sentenced to four months imprisonment.

The theft occurred last October from Mac's U-Drive in Penticton. St. Cyr was also sentenced to two months to be served concurrently on each of four charges of obtaining money and goods by false pretences. He admitted passing worthless cheques, each under \$50, to four Penticton business firms.

## DEATH PENALTY COMMUTED

News that the government has commuted the death sentence of Nicholas Ribalkin to life imprisonment is disturbing news to Mrs. Sebastian Giardetti, widow of the man Ribalkin murdered. Her children, Arthur, Berta, Nora and Dino, attempt to comfort her as she says: "He put a gun to my husband's back and shot him, but he will live just the same. Why?" Giardetti was a Toronto taxi-driver shot in cold blood. The Disfink cabinet decision to commute the death sentence suggests a new policy relating to the death penalty. Instead of changing the law, the cabinet may reverse all court decisions that call for death penalties.

## Criticizes Credit Buying in Canada

OTTAWA (CP)—The president of the Royal Canadian Naval Benevolent Fund Monday had some harsh words for credit buying.

Vice-Admiral Harold T. W. Grant, retired, said in his presidential report to the fund's annual meeting here:

"The noticeable increase in credit buying is directly attributable to high pressure salesmanship and accepted as a normal, if an undesirable, product of our North American way of living.

"Our files are studied with applications of young men who bought television sets, motor cars and household appliances with every prospect of an orderly payment over a year or two—until faced with some unforeseen contingency and their definition of the unforeseen is often at variance with reality.

### PREMATURE MARRIAGE

"This accepted attitude towards credit buying quite naturally encourages the premature acquisition of wives and children whose upkeep on a young sailor's pay is difficult enough without the added burden of loans plus interest.

"Thus we are faced with cases of distress which should not have

## Women to Air Their Grumbles

LONDON (CP)—More than 2,000 women will air their grumbles at a London conference in May when they discuss, among other things, the use of tranquilizers, nuclear weapons, shotguns, detergents and purchase tax.

The two-day conference, organized by the National Union of Townswomen's Guilds, will be attended by more than 2,000 delegates when it opens May 28 at the Royal Albert Hall.

The agenda includes a proposal by a London women's group that the government use its influence to ban nuclear weapons, while a Hampshire and Wiltshire group wants tranquilizers to be obtainable only by medical prescription, unless specified as harmless by the British Medical Association.

Others are proposing to urge the government to remove purchase tax from household appliances and also to ban ownership of shotguns by children under 16 years of age.

Also down for debate are suggestions concerning the removal of fumes from synthetic detergents, methods of checking river pollution, and cuts in the price of milk for the aged.

Speaking at today's opening session of the fourth trade union congress, Gomulka praised the council's achievements but added:

"This does not mean that this institution as an organizational form of workers' self-government has satisfied us fully. It is a very imperfect form."

Gomulka went on to say it was not the council's fault if they have failed to function perfectly. "The trade unions and the party are to blame."

### DEATH BLOW

In future, he said, the four basic powers of factory-life management—the works committee, the Communist party cell, the factory councils, the trade union group and the workers' councils—would be grouped together in a single body, the "conference of workers' self-government."

Gomulka dealt a death-blow to hopes of some Polish trade unionists for more independence in the duty to defend workers' interests.

He made it clear that the future role of Polish unions—since October, 1956, their standing has been unclear—would be to support the Communist party and government line which, he said, represented the needs of the workers.

"The unions' main role would be to defend the workers against the disease of bureaucracy and help boost production."

## Operation Clear-Out Goes Into High Gear

By DON PEACOCK  
Canadian Press Staff Writer

OTTAWA (CP)—All day long the corridors of the Parliament Building echo with the light rumble of hand trucks.

Workmen hurry here and there, their arms piled high with books, files, papers—in some cases the office accumulations of more than 20 years. Operation clear-out is in high gear.

The direction of moves during the last week or so has been mostly outward. Candidates defeated in the March 31 general election have been closing up their Parliament Hill shop, at least for the next four or five years, until they can try their luck in another election.

The job of organizing the influx of new members was to begin today with the arrival here of Progressive Conservative whip

Elston Cardiff, re-elected in Ontario's Huron constituency.

The election caused more than 100 seats to change hands. That means more than 100 offices in the Parliament Building also must change hands.

### WHIP'S JOB

The job of allocating offices to the 265 Commons members is chiefly the responsibility of the government whip and the Commons Speaker.

Roland Michener, re-elected in Toronto St. Paul's, continues to carry out the administrative duties of the Speaker's office he held in the last Parliament until the new Parliament opens. Then he is considered a good possibility to be re-appointed to the job for the new Parliament.

About 50 defeated former MPs have already moved out of the offices they worked in during the last session. Among them was former Liberal agriculture minister James G. Gardiner, who had occupied a Parliament building office since 1935. He left the capital during the weekend.

Defeated CCF Leader M. J. Coldwell was in the midst of packing up his accumulated possessions. So was his deputy, Stanley Knowles, another election victim. Social Credit Leader Solon Low also was on the move following his personal election defeat.

The job of re-assigning offices to MPs—usually they are as-

signed two to each office—likely will keep Commons staff busy right up to the day Parliament opens, possibly May 8 or 12.

## Scouts Complete Plans for New Jamboree Idea

OTTAWA (CP)—Boy Scouts around the world will get together the weekend of May 10, not in the customary jamboree but in a new "jamboree-on-the-air."

The idea was hatched at last year's world scout jamboree at Sutton Coldfield, England, when a wide interest in radio was discovered among Boy Scouts.

The committee which was then appointed now has announced from scout headquarters here that arrangements are complete. All persons currently or formerly connected with the scouting movement are invited to participate.

Many scout groups are arranging to join in through facilities loaned by radio clubs in their districts. A station will operate from Gilwell Park, international scout training centre near London, with a call sign in the GB series. Call letters for the international bureau at Ottawa will be VEERT.

Maj.-Gen. D. C. Spry, director of the international bureau at Ottawa, will be visiting Japan at the time, and is expected to go on the air from an amateur wireless centre there.

## World's Fair Plans Varied Entertainment

BRUSSELS, Belgium (AP)—

The 1958 World's Fair isn't going to be all art, industry, culture and uplift. There'll also be fun, food, games and dancing girls.

Outstanding among the offerings at a giant amusement park will be an aquatic show, a Hawaiian village with hula dancers, and a circular building for cabaret dancing.

The Belgian backers of the first world's exposition in 19 years are not advertising nude shows, shed-your-shirt fandangoes or plain strip tease. But "there'll be something to suit every taste," said a spokesman, "and by that I mean every taste."

Emphasis will be placed on

making the visitors comfortable. The organizers have assembled a fleet of wheelchairs for the old and disabled, batteries for hearing aids, and a children's kindergarten for the young. There'll be a fleet of moving chairs for the footsore and weary. An easy-riding train will glide past the exhibits and attractions.

### CAN COME BY COPTER

For the ultra blasé who disdain approaching the fair by automobile, bus, train, or conventional airplane, a helicopter has been built inside the fair grounds.

Hard by the amusement park the palace of fashion will cater to fashion displays, evening receptions and formal balls, each designed to show off the best the world has to offer in haute couture.

A summer feature will be the fair's diamond ball and night of jewels with begemmed guests from 50 nations acting as mannequins.

THE PENTICON HERALD  
Tuesday, April 15, 1957

## British Trailer Industry Booms

LONDON (CP)—An unsung pioneer of Britain's automobile trailer industry struck the right note when he gave them the name of caravan. Today millions of Britons are being lured into the 20th-century equivalent of gypsy life.

There were 4,000 trailers in Britain in 1947. By the end of last year the number had increased to 90,000 and the National Caravan Council estimates that another 25,000 will be added to the total this year.

Today the trailer industry employs more than 12,000 workers. There are 86 separate manufacturing firms, 250 retailers and 3,000 site operators with an annual turnover exceeding £10,000,000.

## Gov't Plans to Borrow Over \$800 Millions

OTTAWA (CP)—The federal government plans to borrow more than \$800,000,000 in two new loan issues to refund \$600,000,000 worth of bonds maturing May 1 and for other general purposes.

The first loan, to be available for delivery and payment May 1, is made up of three separate bond issues. The amount of each issue is not fixed but the three must not total more than \$800,000,000.

The second loan, also open as to amount but subject to the government's limitation, consist of 3 1/2 per cent bonds, maturing Jan. 15, 1978. The offering price for the new bonds is 96.50 yielding the investor about 4.01 per cent a year to maturity.

The three parts of the first loan are:

1. 2 1/2 per cent, due July 1, 1959, with an offering price of \$99.50 and a yield of about 2.94 per cent.

2. Three per cent, due May 1, 1961, with an offering price of \$99 and a yield of about 3.33 per cent.

3. 3 1/2 per cent, due May 1, 1970, with an offering price of \$98 and a yield of about 3.71 per cent.

Books on the three-part loan will be opened at the Bank of Canada here at 5 p.m. today, while books on the second loan will be opened at the same place tomorrow.

## U.S. Millionaires To Buy Chateau, Title in France

PARIS (Reuters)—Three Texas millionaires will fly to France this week in a bid to buy a 15th-century chateau and the title of marquis that goes with it.

Henri Legendre, the lawyer in charge of the sale, said he could not disclose the names of the prospective buyers.

Shortly after advertisements appeared in Texas newspapers last week three offers to buy the chateau sight unseen arrived by telegram, he said.

Count Armand Touche, owner of the turreted chateau of Vauvenargues near Aix-en-Provence, wants \$500,000 for the chateau and the title of marquis.

The title deed stipulates that whoever owns the chateau is also the marquis de Vauvenargues.

The chateau has 200 rooms and 2,595 acres of parkland. There are two towers, two chapels, a mill, a monastery and a swimming pool. Two rivers flow through the grounds.

The woodwork and tapestries in the chateau are so valuable that the French government has named it a national monument and its treasures may not be removed.

Legendre said: "Naturally, there will be no question of any of the castle treasures being removed to Texas."

\*From "The Functions of Newspapers for Their Readers," a study conducted for newspapers by Social Research, Inc.

## NEWSPAPERS + PEOPLE = ACTION

Every day when newspapers and people get together, things start popping. News stories, editorials and features constantly arouse readers to action. So does the advertising. Without it, as the lady says, "You'd never know about sales or where to buy anything."

Newspaper advertising differs from many other kinds because it is wanted. People not only look for advertising in the newspaper—they act upon it. They buy from it.

That's why more money is spent in newspapers than in radio, television, magazines and outdoor combined.

Nearly 4,000,000 newspapers are bought daily, providing news, features, information—and advertising. If it's action you want—action you'll get—from your advertising in the action medium, the daily newspaper.

If It's Business You Want... It's Newspapers You Need

# High Marks Awarded Festival Competitors

By CHARLES NEVILLE  
(Herald Staff Reporter)

Alderman Elsie MacCleave, acting mayor of Pentiction, officially opened the thirty-second annual Okanagan Valley Music Festival last night.

After welcoming competitors and visitors to the six-day event in the high school auditorium, Alderman MacCleave wished the festival every success.

To youngsters taking part in the competitions for the first time she gave a reminder that "the main object is not to win prizes but rather to place one another on the road to perfection."

Instrumental music adjudicator Dr. Leon Forrester complimented competitors in last night's string

and pianoforte classes for providing a "musical treat."

## CREDITABLE WORK

Though he was critical of their performances, he urged the seven-member Oliver Junior String Ensemble and the Oliver Junior Quartette to continue with their "creditable work."

"Others must be encouraged to play with you," he told the young musicians.

The Oliver Junior Quartette, unopposed in their class, gained the Kelowna Steam Laundry Cup. Highest marks awarded in Monday's adjudications went to pianist Miss Donna Marie Hauser who scored 89, one mark short of a "distinction" rating, for her performance of a Chopin Nocturne.

The piece was one of a concert group of three selections in which, Dr. Forrester said, Miss Hauser displayed a "healthy, buoyant style."

Awarding her the Crossley Memorial Trophy, the adjudicator commented: "She has the capacity to make an audience listen when she plays."

Only other competitor in the class was John Phillips of Armstrong who, after overcoming nervousness, played "very well and with a wonderful standard of accuracy," Dr. Forrester said.

Fourteen-year-old Fern Berg, 974 Creston Avenue, Pentiction and Glennis-Joy Liddell, 13, of Pentiction, were joint winners of the Silver Anniversary Rose Bowl awarded for best marks in the junior advanced vocal solo classes. They will each hold the trophy for six months.

Outstanding competitor in the junior advanced pianoforte solo classes was 15-year-old Lynne Booth of West Summerland who began her music studies eight years ago. She won the Vernon United Church Cup.

## SUBTLE VARIATION

"A lovely subtle variation is used in the treatment of the melody," Dr. Forrester said of Miss Booth's rendition of Chopin's "Valse," Op. 69, No. 1 which gained her top marks in the under-16 pianoforte solo class.

He also praised her performance of a Bela Bartok rondo in the modern music class as "accurate, realizing much of the variable Hungarian rhapsodic style all the way through."

Competing against five girls in the Beethoven class 13-year-old Ralph E. Mayan, 2905 Twenty-second Street, Vernon, won the Simpson Rose Bowl with his performance of the first movement of "Sonata," Op. 49, No. 1.

"It is very satisfactory to hear work which displays talent and genuine feeling as this does," Dr. Forrester commented on Ralph's playing.

Winner of the radio audition class, heard over Station CKOK, was Georgina Steel of Kelowna, who sang Turandot's aria "Signore."

Mr. Vann's adjudication and presentation to the winner of the CKOK Cup by musical festival president E. E. Hyndman were also broadcast.

## FESTIVAL RESULTS

Vocal solo, girl under 18: Trewyn Anthony, Pentiction, 83 marks (only entrant).

Vocal solo, high voice, under 20: Esther Enns, Kelowna, 83 (only entrant).

Vocal solo, boy with changed voice, under 20: Eugene MacDonald, Pentiction, 82 (only entrant).

Lieder, voice and piano, under 20: 1. Ann Bell and Wendy Spragg, Armstrong, 166; 2. Eugene MacDonald and Fern Glaholm, Pentiction, 165; Fern Berg and Eva-Afton Battye, Pentiction, 158.

Pianoforte solo, under 16: 1. Lynne Booth, West Summerland, 87; Carol Christian, Pentiction, 86; Cynthia Anderson, Kelowna, 84.

Pianoforte duet, under 16: Margaret and Esther Enns, Kelowna, 85; Joan Fesser and Peter Harrison, Osoyoos, 84; Wylia Fuler and Bly Ritchie, Pentiction and Naramata, 83.

Vocal solo, radio audition, open: 1. Georgina Steel, Kelowna, 85; 2. Esther Enns, Kelowna, 82.

Pianoforte solo, Beethoven, under 15: 1. Ralph E. Mayan, Vernon, 87; Sue Workman, Naramata, 86; Joan Delcourt, Kelowna, 85.

Pianoforte solo, modern music, under 16: Lynne Booth, West Summerland, 87; Carol Christian, Pentiction, 86; Eva-Afton Battye, Pentiction, 85.

Pianoforte solo, under 18: Lorraine Drossos, Pentiction, 83 (only entrant).

String ensemble, open: Oliver Junior String Ensemble, Oliver, conductor, Albert Miller, 83 marks (only entrant).

Pianoforte solo, concert group of three selections, open: 1. Donna Marie Hauser, Pentiction, 85, 89, 87; 2. John Phillips, Armstrong, 82, 86, 84.

A FINE POINT in hospital administration is explained by E. F. MacDonald, Pentiction General Hospital administrator (seated), to Ian Manning, a University of Minnesota student who arrived here Sunday for two weeks of practical training.

# On 2-Week Stint At Local Hospital

At Pentiction General Hospital for the next two weeks as part of his training in hospital administration, is Ian Manning, 22, formerly of Scotland, who first came to North America in 1951 on a Fulbright Travelling Scholarship.

Enrolled at the University of Minnesota, Mr. Manning will complete his two-year hospital administration course in June. Second year of the course is comprised of administrative residency for which Mr. Manning was sent to Vancouver General Hospital and from there for two-week periods, to various smaller hospitals.

From Pentiction he will go to the Nanaimo Hospital for two weeks before returning to Vancouver General. On graduation in June, he and his wife plan to spend a two-month holiday in Europe.

Born in Southwest Scotland, Mr. Manning studied at the University of Glasgow, and spent four years in the army, which included service in continental Europe and the Middle East.

As a Fulbright scholarship winner, Mr. Manning came to Cleveland where he studied industrial psychology at Western Reserve University. This was followed by a two and a half year stint as personnel assistant with the Ontario Power Commission. Mr. Manning then decided to come

into the hospital field and joined Methodist Hospital in Cleveland as job analyst before embarking on his present course.

The decision to enter the administrative field was because he wanted to be "a doer rather than an adviser."

"Personnel work is essentially advisory," he explained. "That is you advise management on action to be taken but have no control over whether your advice is heeded or not. If you decide you want to be a doer yourself, then you must take up an executive position and participate in management."

Mr. Manning thinks he will try for a position as assistant administrator of a smaller hospital in Washington or Oregon.

A hospital as large as Vancouver General, which will be of just under 1,800 bed capacity when the latest 500-bed addition is completed, does not appeal to him because the work of administration has to be "segmentalized."

Mr. Manning's wife, whom he married at Cleveland two years ago, is with the Children's Health Centre at Vancouver.

# Second Sewage Area Outlined by Council

Proposed boundaries of a second sewage district in Pentiction were approved in principle by city council last night.

The second district, extending out in three directions from the present area, will have sewage service at a second disposal plant to be constructed on property being purchased from H. G. Rudd. The site, comprising 13.1 acres at \$1,000 per acre, is bounded by the old and new Okanagan River channels adjoining the Indian Reserve lands south of Eckhardt Avenue bridge.

E. R. Gayler, superintendent of works, was instructed last night to prepare preliminary estimates of cost for the sewer system in the proposed new area.

## PASSING PARADE

### SCOUT CHIEF COMING

R. Ken Jordan, executive Boy Scout commissioner for British Columbia, will visit Pentiction tomorrow and will speak at a public meeting in the Incola Hotel, beginning at 8 p.m. Mr. Jordan is anxious to meet as many Scouters as possible.

### MOTORIST FINED

James Hedley of Hedley was fined \$75 and \$550 costs in Pentiction police court before Magistrate H. J. Jennings yesterday, for driving while ability was impaired by alcohol. He pleaded guilty to the offence which occurred Saturday at Kaleden.

### VISITING "FARM"

Warren Herman from M. W. Graves & Co., Berwick, N.S., is visiting the processing lab at Summerland Experimental Farm for a month studying processes for various products. Mr. Herman is particularly interested in vacuum equipment designed in the lab for processing apples and also in use at the E.C. Fruit Processors plant in Kelowna. The Graves' Co., has purchased a similar unit from Ellett Copper and Brass Co., Vancouver.

### ON WORLD TRIP

David Houghton who is on a world trip from his home near Portsmouth has been a visitor at the Summerland Experimental Farm. Mr. Houghton whose father owns a 260-acre farm in England, has finished an occupational course at an English agricultural college and came here from New Zealand. He went on to Calgary, Winnipeg and Chicago and then to New York to embark for home. His trip was arranged by his father through various Rotary Clubs which he addressed.

Mr. Manning's wife, whom he married at Cleveland two years ago, is with the Children's Health Centre at Vancouver.

boundary of which would continue along Okanagan Lake shore from the boundary of the present district to include Bankview Heights and thence to Naramata Road. Here it would swing southward to include all Johnson and Titchmarsh properties and the Redlands subdivision and thence along Forestbrook Drive taking in the area west of the wartime housing development.

From here the boundary would follow Pentiction Creek to one block above Columbia Street and thence southward to the bank along Ellis Creek following the creek west to Okanagan River which would form the western boundary to the S. S. Sciamous.

# Rural Mail Route Extension Granted

SUMMERLAND—An extension to the rural mail route here was inaugurated Monday morning when the Hospital Hill was included in rural delivery. This was a result of a petition from the required number of people living in the area. The rural mail now goes down the Hospital Hill after starting out from West Summerland.

Those who have changed from the West Summerland post office to the rural route are J. D. Impett, Percy Austin, W. Powers, Pete Lenzi, A. D. Galley, Peter Andrew, J. R. Butler, S. A. MacDonald, G. A. Graham, J. MacMott, Miss F. M. Banks, G. S. Clarke, and Robert Burns.

Those now on the rural mail who formerly got their mail at Summerland post office are L. T. Wolfier, Summerland General Hospital, E. L. Farnchom, Frank Jacobs, J. H. Brown, C. B. Snow, F. M. Nicholls, E. R. Inglis, J. M. McDougald, Mrs. F. C. Brind, R. A. Kennedy, Mrs. V. Tellman, R. M. Gilbert, G. B. Anderton and John Holman.

## Carrier's Bike Stolen, Recovered

A West Summerland lad received graphic demonstration of the adage "crime does not pay" yesterday afternoon.

It all began when a Pentiction boy, who is a Herald carrier, left his new Raleigh bicycle parked at the post office. On his return the bicycle was gone. This was a big blow to the lad since he had been saving his money for a long time and had just managed to purchase the bicycle.

The carrier's father, however, recognized his son's missing bicycle a short while later. It was pedaled towards Summerland by a West Summerland boy. The latter was taken at once to the Pentiction RCMP office and forcefully reprimanded on the folly of his inclinations.

# Lakeshore Pavilion Completed Friday

Pentiction's \$50,000 lakeshore pavilion on Okanagan Lake, being constructed as the city's golden jubilee-B.C. centennial project, will be completed by next Friday, city council was advised last night.

The building will be unofficially turned over to the city by the jubilee-centennial committee at that time with the parks commission assuming responsibility for it. It will be officially turned over to the city at the dedication ceremonies during Pentiction's jubilee-centennial week, May 12-17. The ceremonies are being arranged by the board of trade.

Council endorsed Jaycee plans for holding the jubilee-centennial parade at noon, May 17. The parade will start from Fairview Road and proceed down Main Street and along Lakeshore Drive to the S.S. Sciamous.

Also discussed briefly was the proposed one-day school holiday during the jubilee-centennial week. It was felt that the holiday should be combined with a mass sports day which city P-T-A's have been asked to take under consideration for sponsorship. Every youngster in the city would participate and there would be prizes and treats and refreshments for all.

## CITY & DISTRICT

THE PENTITION HERALD

## NEW NOCA PLANT AWAITS

# Public Hearing On Zoning Set

A public hearing on a large number of proposed zoning revisions, accumulated since the last hearing, will be held next Monday morning at Pentiction city hall council decided last night.

Two new proposals were added to the old list which includes rezoning of the SODICA property at Lakeshore Drive and Westminster Avenue to permit construction of a new \$50,000 NOCA Dairy plant.

Also proposed is rezoning of the Kaleden Nurseries property at 416 Westminster Avenue, back to a light industrial zone from its present two-family dwelling classification. F. W. Simms of the nursery firm, told council last night that the rezoning is required to permit leasing of the property to Camping Rentals & Sales Ltd. of Vancouver for rental and sale of boats, boat kits, outboard

engines, gasoline cans, life jackets, and water skis and for minor repairs to such items.

## INCLUDED IN ERROR

Council felt that this property was included in the two-family dwelling zone in error as had happened once previously, and referred the matter to the advisory planning commission for recommendation.

Also referred to the commission for recommendation in time for Monday's hearing, was a request from Legion Branch 40 for rezoning of its Lots 8 and 9, Block 18, on Martin Street, to a business or commercial zone to permit construction of adequate parking facilities for the branch.

The property's present private dwelling classification imposes restrictions on the size of parking facilities which would make the parking lot economically unfeasible, the request explained.

## REMOVAL OF TREES

Also asked was removal of two trees immediately west of this property which would constitute a hazard for automobiles entering and leaving.

Two of four recommendations on subdivision applications from the advisory planning commission were accepted by council and the other two were referred back for reconsideration.

Approved was the application of M. C. Rippin for subdivision of two lots on Upper Bench Road. Not approved on recommendation of the commission because area was below the minimum required, was the application of J. Jensen to subdivide a lot of Forestbrook Drive.

Referred back for reconsideration were:

Recommendation for a master plan for the Eckhardt Avenue, Comox Street, golf course, area. Council felt the matter of street widths should be studied further.

Application of the C. H. Eschleman estate to subdivide a lot on Eckhardt Avenue.

Recommendation of the advisory planning commission was also sought on an application from St. Saviour's Anglican Church to develop city plans for a lane from Orchard to Eckhardt Avenues running between St. Saviour's church and the parish hall. The church wants to build an addition on this property between the two buildings.

Referred to a committee meeting of council as a whole, was a contention from Frank Bowsfield that the city should pay the proposed Bowsfield-Schell subdivision \$2,000 in compensation for a lot given up for road purposes on subdividing property which the subdividers consider purchasing. The situation resulted from the survey for the new north-south through road to the industrial area.

# Second Look At Relocation Of Cross-Walk

Pentiction city council has agreed to take another look at the Huth Avenue crosswalk situation following representation at council's weekly meeting last night from the Pentiction and District Safety Council.

Council had previously decided it was not advisable to relocate the Huth Avenue crossing lane to the foot of Carmi Avenue, as recommended by the safety council but last night referred the matter back to its traffic committee for reconsideration and further recommendation after a letter from Ralph Robinson, safety council president, had outlined the reasons why his group feels the crosswalk should be relocated.

NOT DONE LIGHTLY

Mr. Robinson said his group had not recommended the relocation lightly but only after extensive investigation in response to a request from Carmi Avenue P-T-A. He said the crosswalk in its present location immediately north of the Ellis Creek bridge, would be quite adequate were it not obstructed by the bridge. Under the circumstances, however, north-bound motorists cannot see pedestrians beginning to cross until they have reached the end of the bridge and are "on top of them."

Ald. P. F. Erat contended that elimination of the Huth Avenue walk would remove what little protection there is for pedestrians because youngsters would continue to cross anywhere they wished and drivers would no longer be warned of a crossing zone as they approached the bridge.

SAFETY EDUCATION

To which Mr. Robinson replied that this merely emphasizes the need for safety education but "if you want them to observe the rules, you must first provide them with safe lines where they can be seen."

Walter Cousins, Pentiction traffic superintendent, agreed with the Safety Council's views maintaining that no matter how big the warning signs might be south of the bridge, motorists will not notice them because their attention is taken up by the narrower roadway ahead.

## FIRE HALL PAINT JOB

Contract for interior painting of the fire hall was awarded to H. Brummer at a cost of \$300. The fire department committee advised that the vacancy for an extra permanent fireman was being advertised. Qualifications are a minimum of grade 9 education, age between 21 and 30 without experience and between 21 and 35 with experience.

## RED CROSS GRANT

Pentiction and District Red Cross Branch, submitting a request for 1958 grant, is to be advised that its grant from the city will be included in the \$200 grant to be made to the United Welfare and Red Cross appeal in the fall.

## FOR FESTIVAL EXECUTIVE

Ald. Elsie MacCleave advised that the banquet which city council is putting on for the Okanagan Valley Music Festival's Pentiction executive, will be held Friday evening in Hotel Prince Charles.

TO CONFERENCE

I. G. Andrew, city clerk, and F. St. John, city treasurer, were authorized to attend the 16th provincial conference of the Municipal Officers Association in Victoria, May 26-28.

## PROTESTING CLOSURE

It was decided no action would be taken on a letter from J. C. Hamilton, 1449 Government

## Surplus Makes Good Reading

At a time when red figures are showing up in so many financial statements the \$112,689 surplus established by Penticton city fathers makes pleasant reading.

Not that \$112,689 will go far these days with costs so high for any capital expenditure during the coming year. But the announcement that the "mill rate will likely remain steady" is almost as welcome as a tax rebate.

There will doubtless be complaints that the \$166,673.91 net profit shown by the city's electrical system is too high, and that adjustments should be made in rates. If such adjustments are considered we would suggest that they be made in the form of reduced rates to industrial firms.

Many people will consider such a suggestion unjust, believing that any lowered costs should be passed on to the householder. Taking a long range view, however, we believe that it is more important to encourage suitable industry to locate here. And there is no surer way to attract such industry than to offer attractive power rates. More than one concern has been lost to a city because the company was asked to pay higher rates than in a neighboring community.

Taken all round the men in charge of our municipal finances have done a good job. We hope they continue to run the city with a surplus in the financial year ahead.

## Your Board of Trade

What is a Board of Trade? A group of businessmen devoted to prove that the sun shines all the time in our municipality? Public-spirited citizens banded together to see that the town enjoys the highest possible standard of living? Supporters of free enterprise and freedom vigorously opposing collectivism and socialism? Businessmen trying to bring new industry and more tourists to this area? These are some of the most commonly held ideas about the Board of Trade. Whatever is said about the Board of Trade, there is one thing sure—it is, or should be, one of the most important organizations in the town. With the church and the municipal government the Board of Trade forms a strong pillar supporting the welfare and the progress of the community.

The work of the Board of Trade touches nearly every citizen. In most towns the Board of Trade is responsible for tourist promotion. In many others it undertakes the work of an industrial commissioner, seeking new industry for the town and district. Usually, it takes a leading part in community affairs, improving relations between the farmers and the businessmen, sparking community interest in education, taking a lead in fire prevention and health and safety work, sponsoring clean-up and beautification weeks, organizing the Santa Claus parade at Christmas and a host of similar projects. Few Boards, of course, do all these things because they are in the main a volunteer organization and in many communities even the secretary is a volunteer, receiving perhaps an annual honorarium.

The interest of the Board of Trade is not, however, confined only to local matters. Just as the citizen of a municipality is also a citizen of his province and of his country, so the Board of Trade has provincial and federal interests in addition to its local activities. In the provinces there are provincial Boards, and indeed many regions within a province have their own associations to advance the interests of their particular region. At the provincial level the activity of the Board of

Trade is co-ordinated and presented to the provincial government through the provincial Board—a provincial federation of Boards and Chambers.

At the federal level the activity of the Board of Trade is co-ordinated and presented to the federal government through The Canadian Chamber of Commerce—the national federation of more than 750 Boards of Trade and Chambers of Commerce. The policy of this national group is determined by the majority votes of the member Boards and Chambers—each of which has one vote of equal strength.

The national Chamber undertakes public relations programs to explain the virtues of the private enterprise system. Similar programs are often undertaken by the local Boards and Chambers. Many of them have produced booklets, radio programs and undertaken other publicity projects to bring to the attention of their fellow citizens the case for private initiative and a traditional Canadian way of life.

An organization of this kind is a stabilizing influence on a community. It is instrumental in focusing greater attention on municipal, provincial and national affairs. It brings about greater understanding among various segments of the community and it makes the community a better place in which to live. The Board of Trade deserves the support and understanding of all the citizens in the community. Every city, town and even village should have a strong and lively Board of Trade if it is to make the most of its potentials and if community life is going to be as pleasant as possible.

The same applies to the national scene. Canada needs a strong national group to speak on behalf of business generally and it has such a voice in The Canadian Chamber of Commerce. Canada has a great future and the cities and towns of Canada are going to share in it in proportion to the effort and intelligence they individually put forth. The Board of Trade is a chief means for employing this effort and this intelligence. For that reason it deserves support.

## Keeping Women in Their Place

Funny thing happened when a Yarmouth group was kicking around Aristotle's "Politics" at a Great Books discussion session the other evening.

Aristotle, sage that he was, begins his description of the ideal state by putting women in their place—subject to the male, by nature the inferior creature.

The strange thing about the Yarmouth discussion was that nine out of ten women present seemed to go along with Aristotle. For a time, the men present were quite puffed up about it. Then one young housewife explained: "It's this way. Men have their egos. My husband has to think he's superior to me in all things. So I let him—think that. He thinks he makes all the decisions. It's the only way to have peace in the family."

Reminds us of the woman who was explaining to a friend why she and

her husband got along so well together.

"You see, we have agreed that I am to make all the minor decisions in our household, and he is to make all the major decisions, so we never quarrel," she said.

"That's very interesting," her friend replied. "Can you tell me about some of the minor decisions that you make?"

"Well," replied the happy wife, "I decide what college our children shall go to, when to buy a new car, whether to rent or buy a house."

"Mmmm," hummed the friend, "if those are the minor decisions you make, what are the major decisions you allow your husband to make?"

"Oh," said the wife, "I let him decide how to solve the Suez crisis, what to do about the Russians and things like that."

## DOWN TO EARTH WITH A THUD

### How do Teamsters Rate in Canada?

By JOHN LeBLANC  
Canadian Press Staff Writer

A storm centre in United States labor, the International Brotherhood of Teamsters has gained strength rapidly in Canada but without the same degree of headline-making activities as in the U.S.

The taint of crookedness at the top—which led to the dropping of the U.S.'s biggest union from the AFL-CIO and the downfall of former president Dave Beck—has not reached into this country. However, Canadian teamsters have engaged in some internal power politics within the union and have come under suspicion of throwing their weight around to pick up membership by questionable means.

#### ISOLATED CASES

But the instances are isolated. A Canadian Press survey shows, and do not appear to fall into any pattern on a country-wide scale. Main tussles at the moment are centred in Toronto, where there has been a long fight for domination in the union's largest Canadian local and where a provincial royal commission is investigating charges that the teamsters used intimidation to win members.

The two developments are not connected. On the Pacific coast, the teamsters have come into conflict with other unions in what opponents describe as attempted membership raids. These struggles have been largely behind the scenes.

British Columbia teamsters are mainly under the influence of the union's west coast conference run from Seattle, Wash., and their connection with the eastern membership is somewhat loose.

Outside of these two provinces, other union men say that by and large the teamsters go about gathering up unorganized workers rather than trying to snatch members already in other organizations. This view, however, is not entirely unanimous.

But president James R. Hoffa's declaration that "everything on wheels" falls under the jurisdiction of his huge union does not appear—so far, at least—to have had any widespread application in Canada.

#### WIDELY ORGANIZED

The hustling teamsters, however, are into a wide range of industry—from heavy construction to fruit growing—and their energetic organization has stepped up Canadian membership sharply since the start of a more militant search for membership in this country about five years ago.

Within that period, the teamsters have shot up from some 22,000 members to 35,000. In size, they now are among the first half-dozen or so unions in Canada.

While the teamsters have been out of the AFL-CIO in the U.S., they remain in good standing with the Canadian Labor Congress, Canada's autonomous counterpart of the U.S. central body.

#### DIVERSION

Little Susie woke up one morning to see, for the first time, snow lying everywhere outside her bedroom window.

Groggily puzzled, she gazed out at this phenomenon for a while; then, suddenly and triumphantly solving the mystery to her own satisfaction, she scampered into her parent's room and excitedly announced,

"Oh, Mummy and Daddy, just look outside! Somebody has spilled mashed potatoes all over our garden!"

Executive vice-president Gordon Cushing of the CLC has stated that there has been no suggestion in Canada of the racketeering practices attributed to some teamster leaders in the U.S.

For a time it looked as though the teamsters might be in warm water at the coming April 21-26 Winnipeg convention of the congress over claims that they were trying a squeeze play against the Canadian Brotherhood of Railway Employees and Other Transport Workers, another big CLC affiliate.

#### PEACE RESTORED

But the latest word is that peace has been restored. CBRE officials claimed that last fall the teamsters on Vancouver Island were ganging up against the CBRE with the help of the International Union of Operating Engineers, already under suspension from the congress for raiding other unions.

The reported play was that operating engineers on island construction projects refused to handle materials delivered by CBRE truck drivers, insisting the drivers be teamster men. The teamsters got a court injunction against the teamsters and engineers, and that issue died down.

But the teamster union's power to manifest its influence out of proportion to membership involved in a given situation is being displayed in another instance in B.C.

At Bridge River, about 150 miles north of Vancouver, the B.C. Electric Power Company has been engaged in a \$50,000,000 hydro-electric project.

Fifty teamsters went on strike in early March. Workers in other unions recognized teamster picket lines.

Late in the month, around 3,500 men—mainly in non-teamster unions—were unemployed, not only at the Bridge River project but on jobs in several other B.C. localities where teamsters have been employed.

The teamsters' strike was against the Heavy Construction Association of B.C., representing 16 construction companies, over a proposed wage increase. Negotiations are stalemated.

#### KELLY DOUGLAS ANNOUNCEMENT

MR. R. J. HALL

Mr. Victor MacLean, President, Kelly Douglas & Co. Ltd., announces that Mr. R. J. Hall has been appointed manager of the Company's Penticton branch, effective April 1st. Mr. Hall moved to Penticton from head office merchandising. Prior to serving at head office, Mr. Hall had served in a sales supervisory capacity at Kamloops, Nelson and Okanagan branches.

## LETTERS

### DID YOU SEE IT?

Box 2143,  
RR 1, Penticton

Sir: A natural phenomenon in the form of a Parhelion was seen in the skies this evening at 6:30 p.m. by myself and friends whilst having supper.

This Parhelion, perhaps better known to people in the prairies as a sun dog, is an interesting experience and I wonder how many people saw it, or knew what it was they saw. It is rarely seen here and understood.

From an official text, a Parhelion or Sun-Dog is caused by ice prisms or snow crystals, not unlike northern lights. The effect is rather like the tip of a cloud on fire. It is a bright luminous area, reddish on the sides nearest the sun; and is usually seen in pairs, one on the side of the sun, and at equal distances. Sometimes they are in fours.

Bright areas formed at intersections of any two circular halos near the sun are sometimes also referred to as Sun-Dogs, and such are seen above and below the sun. The Parhelion Circle is produced by the reflection of the sun's light from ice prisms or snow crystals whose axes lie in a vertical position; so called "contract arches" arise from the prisms whose axes are horizontal. It is the latter that give rise to sun dogs which are vertically above and below the sun.

These Parhelions vary greatly in brightness and distinctiveness with the variation of the number and arrangement of the ice crystals in the air.

It occurred to me that this might be of interest to those who saw it.

Yours truly,  
NOEL BARRY.

## OTTAWA REPORT

### Clean-Out Time For Ex-Members

By PATRICK NICHOLSON  
Special Correspondent to the Herald

OTTAWA — It is packing-up time for 105 members of the 23rd Parliament, some of whom, like Fort William's 85-year-old Rev. Dan McIvor, have retired—but most of whom were defeated in the election. Filing cabinets are being emptied in their parliamentary offices here, and a few souvenirs are being shipped home.

Outside the office of ex-Speaker Rene Beaudoin, who did not run in this year's election, stand 15 large wooden crates, packed ready to be shipped home. These contain his personal books, papers, cigarette boxes, framed signed photos of distinguished visitors to Parliament during his Speakership, and in general the accumulation of 13 years in Canada's Parliament.

Above all, they contain the more than three hundred black loose-leaf notebooks, in which Mr. Beaudoin has carefully and laboriously listed and classified, for the first time in our history, every Speaker's ruling made since Confederation. This immense and valuable research job will form the basis of ex-Speaker Beaudoin's planned book on Canadian Parliamentary practice and procedure.

#### DIET NOTES

Prime Minister John Diefenbaker has filled out to a healthy-looking robustness with eight additional pounds of weight during the election campaign. During the 1957 battle he put on seven pounds. He thrives on an arduous seven weeks of travel, oratory, hand-shaking and multiple-lunching which would lay a lesser man low.

"How do you feel after Canada's most energetic campaign?" I asked the returning Prime Minister.

"How do I look?" was his eloquent answer, given with a merry smile.

Randolph Churchill, fifty-six son of Britain's famous wartime Prime Minister, has a new formula for slimming. He lost about twenty pounds during a brief visit to the United States, and explained it to his friends this way: "The Americans' food is practically uneatable, it all comes out of a deep freeze."

#### HE AND SHE NEWS

Commander Michael Parker, the former private secretary to Prince Philip, Duke of Edinburgh, has been visiting in Mexico. While there he has been reported at several parties with Nancy Oakes, pretty daughter of the well-known Canadian mining millionaire, the late Sir Harry Oakes, who was murdered in mysterious circumstances in the Bahamas. Commander Parker, who was recently divorced by his wife, is like Lady Oakes, an Australian.

Former Commons Speaker Rene Beaudoin has denied reports that he is seeking a Mexican divorce from his French-American wife, whose second husband he is. The good-looking 45-year-old Montreal lawyer says that he may move his law business to Toronto, where he is also establishing residence. He previously lived at Hudson, with his wife and her children, in the Province of Quebec, representing that district in Parliament.

Mr. Beaudoin has been noticed in the company of an attractive Ottawa girl in her early twenties, Alice Mary Outrum. Known to her friends as "Amo," she was recently transferred from Ottawa to Toronto in her public relations job with the RCAF. They have pleasant memories of Parliament Hill in common, for Miss Outrum

## BIBLE THOUGHT

Blessed are the poor in spirit, for theirs is the kingdom of Heaven. Matt. 5:3.

The Great Nazarene washed his disciples feet, taking the place of the humblest servant. Pride wins no friends, but it alienates and repels.

## KILL WEEDS

Canada Thistle — Quack Grass — Poison Ivy — Catnip — Leafy Spurge — Milkweed — Golden Rod — White Ash — Red, White, and Scrub Oak — Saw Thistle — Poison Oak — Bush Clover — Nut Grass — Horsetail — Honey Creeper

## Amino Triazole WEEDKILLER

Amino Triazole means sure death for deep-rooted, hard-to-kill weeds and certain grasses. When sprayed on weeds, Amino Triazole kills by upsetting normal growth processes and is absorbed right into the weed systems.

Turn Amino Triazole loose on your weed problem. Look for it in the bright orange can, at your local pesticide dealer. In 1, 8 or 24 pound sizes, an easily dissolved powder.

Get Amino Triazole at your farm supply store or through Chemagro Chemicals Limited Hamilton, Montreal, Winnipeg, Saskatoon, Edmonton Vancouver or Lister Chemical Co., Vancouver.

Cyanamid of Canada Limited  
Farm and Home Division  
5550 Royalmount Ave.,  
Montreal 9.

### NARAMATA SELECTS A MAY QUEEN

The coronation of a May queen and a colorful program of folk dances, songs and sports events are traditionally associated with Naramata's annual observance of Victoria Day. The gala all-day celebrations are held at Manitou Park under the sponsorship of the Naramata Board of Trade working in conjunction with the teaching staff at the elementary school. Eleven-year-old Nancy Gawne, centre above, daughter of Mr. and Mrs. J. E. Gawne, has

been chosen by her classmates in grade six to reign over the festivities as the Centennial year queen. Karen Hardman, left, daughter of Mr. and Mrs. W. V. Hardman, and Shirley Partridge, daughter of Mr. and Mrs. Harry Partridge, were selected to be her attendant princesses. Sheila Thompson, front, daughter of Mr. and Mrs. J. F. Thompson, will be mistress of ceremonies for the important celebrations.

### AROUND TOWN

## Lady Lions Club Elects Officers

Lady Lions Club elected Mrs. Ted Leaney president for the 1958-59 term at the April meeting held at the home of Mrs. Lyle Brock, Argyle street.

Others chosen to hold office for the ensuing year were Mrs. Wesley Henders, vice-president; Mrs. Roy LePard, secretary-treasurer, and Mrs. Archie Mosdell, "Tail Twister".

The meeting adjourned and members were entertained with a showing of films arranged by program conveners Mrs. Roy Hotson and Mrs. Henders.

Refreshments were served to conclude the evening by Mrs. Brock, Mrs. L. McLeod and Mrs. Marshall Wilcox.

Mrs. Scott Williams will be hostess to the Lady Lions at the May meeting.

Miss Elinor Bertram has returned to New Westminster to resume her teaching duties at the Whalley elementary school after spending the Easter vacation with her parents, Mr. and Mrs. Frank Bertram.

Mr. and Mrs. Daniel Ehman have received word of the death of the former's cousin, Rev. Got-

lieb Fahlman, O.M.I., at Saskatoon on Easter Sunday. The late Father Fahlman was well known in the Okanagan Valley having been with St. Ann's parish a number of years. His duties were mainly with the Indian members of the local parish.

Mr. and Mrs. Barry Pollard and small daughter of Vancouver were Easter holiday visitors with Mrs. Pollard's parents, Mr. and Mrs. Harvey McLellan.

Mrs. R. W. Hutchinson will travel to the coast Thursday to attend the graduation exercises April 24 at Essondale Hospital from where her daughter, Miss Diane Hutchinson, will receive her diploma in psychiatric nursing.

Mrs. E. A. Horsnell represented the Pentiction High School Parent-Teacher Association at the annual meeting of the B.C. Federation of the P-TA held last week in Victoria.

Mrs. Dorothy Montgomery has returned to Pentiction after holidaying for the past week at Victoria and other island centres.

A SALAD OF MIXED GREENS

### LET'S EAT

## Dinner Begins With Spicy Cherry Soup

"While you and I are preparing dinner, Madame Godowsky," said the Chef, "may we have a little background music to set the mood? Some of the piano recordings of your illustrious father, M. Leopold Godowsky, would be nice."

### HAPPY CHILDHOOD

"It was no wonder your father was chosen as court musician to Emperor Franz Joseph," the Chef added. "You must have enjoyed your childhood in Vienna."

Dagmar Godowsky's face warmed with remembrance.

"It was like a dream world, Monsieur le Chef. Especially the Sunday dinners—the long table laid with white damask, the gleaming silver, my mother's beautiful china and crystal, the gay guests."

### VIENNESE SUNDAY DINNER

Cherry Soup with Sour Cream  
Chicken Paprika  
Carrots with Chopped Dill  
Cucumber Salad  
Viennese Walnut Noodles  
Coffee

At dinner, we chatted about Dagmar Godowsky's delightful new book, "First Person Plural." It is gay, heart-breaking, humorous and breath-taking.

### LOVES GOOD FOOD

"Always I have loved good food," she observed.

"In travels with my father and the family, I became acquainted with the international cuisine. In Hollywood, when I was leading lady to Valentino, the supper parties were fabulous."

"When I was writing my book I ate twice as much as usual," she added ruefully. "It was an escape from the nervous strain."

All measurements are level. Viennese recipes courtesy Dagmar Godowsky.

### CHERRY SOUP

Drain 2 cans water-packed pitted sour cherries.

Mix 1 c. sugar, 4 tsp. cornstarch and ½ tsp. each cinnamon, nutmeg and salt. Stir in the cherry juice; cook until the mixture boils. Add the cherries. Serve hot or cold in cups, with sour cream as the garnish.

**Bas-Bis:** Heat 4 c. cooked rice pilaf and 4 c. cooked green peas and plenty of butter.

**Viennese Walnut Noodles:** Into 1 lb. hot cooked noodles, toss 4 tbsp. melted butter, ½ c. granulated sugar mixed with 1 tsp. cinnamon, and 1 c. fine-chopped walnuts. Serve at once.

### SPRING INTERLUDE

"What is your favorite salad, Dagmar?" I asked.

"My 'Spring Lovelies.' Very good for the waistline!"

### TOMORROW'S DINNER

Chilled Vegetable Juice  
Broiled Shad or Bass  
Fines Herbes  
Potatoes Creamed with Green Beans  
Spring Lovelies Salad  
Peach Custard  
Coffee  
Tea

**Spring Lovelies Salad:** Into a boat-shaped salad bowl, Dagmar heaped pieces of crisp lettuce, curly endive and tender spinach; then a toss with vinaigrette grette dressing.

"Now come the 'lovelies,'" she said, diving into the refrigerator; "lovely because they fill up the hunger chinks."

On top of the salad she arranged, in sections, radish roses, green-rimmed cucumbers, sections of tomatoes, crisp green scallions.

### SUMMERLAND

## W.I. Will Present Resolution at Rally

Summerland W.I. will present a resolution to the Okanagan Valley rally of Women's Institutes at Oliver on May 6, asking that unsightly billboards on highways and in particular entering the Okanagan on Highway 3 be prohibited if at all possible. It was thought that in the Centennial year when tourist traffic is expected to exceed former records, that boards of trade and others interested in keeping our unrivalled scenery intact, might petition, to keep billboards off the entrances to this valley. This was passed at Friday afternoon's regular meeting.

Mrs. Sandy Fenwick was appointed as the official delegate to the spring rally.

Diane Durick, a Ranger, who attended the Guide World Camp at Doe Lake last summer, spoke to the meeting showing pictures and souvenirs of the conference. Mrs. Fenwick showed pictures taken at south Okanagan Guide camps during the past two years and others of the new campsite on Okanagan Lake.

It was announced that the three prize winning entries in last year's Tweedsmuir competition are to be displayed at the provincial convention at UBC in June at the request of the provincial board.

## Legion L.A. Assisting With Various Projects

Members of the Ladies' Auxiliary to Branch 40, Canadian Legion, are assisting at the thirty-second annual Okanagan Music Festival currently in session here, and will also be volunteer workers when the Red Cross blood clinic makes the annual spring visit to Pentiction next month.

Plans concerning these activities were of foremost interest at the April meeting held in the Legion hall with president Mrs. Graham Kincaid in the chair. Other discussions dealt with final plans for the annual spring tea and for the membership tea to be held May 9. Mrs. Leonard Beddoes will convene the latter function.

Reports were received from hospital and home visitors for the past month and Mrs. G. W. Bolton submitted a report on the recent zone meeting at Oliver.

Thirty-five guests attended the Vimy banquet April 8 when the auxiliary catered. Mrs. Kincaid and Mrs. Harold Greenslade were in charge of dinner arrangements.

Three official delegates from the L.A. will attend the provincial convention to be held at Trail May 4 to 7. Delegates named were: Mrs. Kincaid, Mrs. Frank Erant and Mrs. Howard Lyons.

What drives are continuing with the next scheduled for April 28 in the Legion hall.

Applications for membership were received from Mrs. Thomas Lamb and Mrs. Norman Burgoine.

### HEDLEY NEWS

Grace United Church was the setting for a pleasing ceremony when four young children were named in Christian baptism. They were Isabel, Pat and Arlene Granger and three-month-old Darlene Ruth Harris.

Arnold Acheson has returned to his home at Hythe, Alberta, after visiting here with his sister, Mrs. Eugene Tillotson.

Ricky Fell has returned to his home at Malakwa where he will attend school. He has been attending classes at Keremeos while living at Hedley for the winter months.

Mr. and Mrs. George Pizzi were recent visitors at Lillooet.

Mrs. Earl Porter entertained the Friendship Group of the Women of the Moose.

Mrs. John Lawrence is spending a month visiting at Sunning Dale, Saskatchewan, with her mother who is ill.

Miss Frances Fraser is visiting her aunt at Vancouver.

Karen Fontaine is making a short visit with her mother in Vancouver.

Mr. and Mrs. Dicke and family were recent visitors at Langley.

Mrs. Mathews has returned home after spending the winter months visiting her daughter at Seattle.

Mr. and Mrs. H. Wood are home from a short visit at Victoria.

Mrs. A. Erickson with Carol and Darryl are visitors at Victoria. Mrs. Erickson was the Similkameen delegate at the recent P-TA convention held at the coast city.

Ben Hubbard is visiting his parents here.

Mr. and Mrs. D. Peters were recent visitors at the home of Mr. and Mrs. G. Long.

Mrs. H. Gayne of Kamloops is a visitor in Hedley with her brother-in-law, L. Spooner.

Mr. and Mrs. Munn have returned home from a holiday visit in the States.

Miss Shirley Dorsett and Miss Christina McLennan of Burnaby were recent visitors in Hedley.

## Jam Jumbles Are a Nibblers' Delight

Home from school to the cookie jar brings nostalgic memories to most of us. This recipe for "Jam Jumbles" is an easy way for homemakers to get the cookie jar filled for it yields 3½ dozen cookies. They're just the thing to nibble after school with a glass of milk or mid-afternoon or evening with a cup of tea and they're equally at home in the lunch box. These cookies may be kept for several days in an air-tight container.

dough by teaspoonfuls, well apart, on prepared cookie sheets. Top each mound, if desired, with a piece of nutmeat. Bake the cookies in pre-heated oven about 15 minutes. Remove from cookie sheets immediately and cool on cake racks. Store in a closely covered tin.

## Beads Enhance Cotton Dresses

PARIS—Want to "cotton up" to styles this summer?

Wear a full-skirted cotton dress with an equally full, matching petticoat so you actually have a double skirt. You could also match printed cotton with a plain underskirt in the basic print color. One Marcel Boussac model is a rose printed dance dress with its full skirt hitched up in front to a drape, revealing part of the plain rose-colored underskirt.

Give a high fashion look to your printed cotton dress by wearing it with several rows of beads in exactly the same shades as the different colors in the print.

Since Dior proposes numerous white styles for spring and summer, white cotton shirt of blouse with a pleated or trapeze shaped white skirt. This way you get the look of a dress for the price of a skirt. Wear it with bright orange accessories for extra style value.

### JAM JUMBLES

Yield—3½ dozen cookies.

1-2/3 cups once-sifted all-purpose flour

or 2 cups once-sifted pastry flour

2 teaspoons baking powder

1/2 teaspoon salt

1/2 teaspoon ground cinnamon

1/2 cup shortening

1/2 cup granulated sugar

1 egg

1 teaspoon vanilla

1/2 cup flaked or cut-up shredded coconut

Milk

Nutmeats, optional

Grease cookie sheets. Pre-heat oven to 350 degrees F. (moderate).

Sift the all-purpose or pastry flour, baking powder, salt and cinnamon together twice.

Cream shortening well; gradually blend in sugar. Add egg and beat until light. Mix in vanilla and coconut. Stir in sifted dry ingredients alternately with strawberry jam, combining well and adding, if necessary, a very little milk. Drop the very thick

## HANDSOME GAUNTLETS

BY TRACY ADRIAN

These beautiful gloves are designed in the newest length — just below the elbow. They were made especially to balance the chemise as well as the many sleeveless styles. The ones pictured are hand sewn of the softest imported doekin. Though they look very luxurious, guaranteed washability makes them practical.

By VERA WINSTON

Although the majority of this season's gala ball gowns follow the full-length line, occasionally there appears a very handsome short-skirted evening dress. Here is one such. The body of the frock is fashioned of navy lace from the simplest neckline to the hem. The sides of the skirt are of a sheer fabric, shirred and draped over a stiffened lining which holds it in bell shape.

## PETER TOMLIN'S SPORTS DIARY

Today the Kelowna Packers are on the verge of winning the Okanagan Valley's third Allan Cup.

Jack O'Reilly's Packers showed last night that they are made of championship material by taking the Patton Cup from Bill Juzda and the Winnipeg Maroons.

Citizens of Kelowna and hockey fans in all of British Columbia can well be proud of the Packers. They showed, by beating the Maroons so handily, that they could easily be the strongest hockey team ever to come out of the Okanagan.

You will recall that these Maroons forced both Penticton Vees and Vernon Canadians to an eight-game series when they met. Nothing like that happened in their series against Kelowna.

Packers were masters of the situation throughout. Try as they would, the Maroons were just no match for the powerful Orchard City crew.

The only sad part of the whole picture is the number of fans who have been supporting their team. Only about 1,700 Kelowna people were interested enough in seeing the Packers win the Patton Cup to bother going to the arena last night.

It's a little hard to understand. For eight years, the fans supported the Packers when they were going nowhere. Now, when they are on the verge of winning everything that is available to win, the fans deserted them. The fans can be proud of their team; so far, the team can't be proud of their fans. Let's hope the picture changes a little during the Allan Cup series.

Now the Packers must beat the Kelowna and his Belleville McFarlands and the Allan Cup will be theirs.

McFarlands advanced to the Canadian final in a rather unusual fashion. After running up scores of 12-3 and 6-0 in the first two games of the Eastern final against Levis, Belleville was awarded the series by the Canadian Amateur Hockey Association.

This action by the CAHA will probably stir up a lot of controversy, particularly in Levis and surrounding district, but I think the CAHA has made a very sound move. There was no point prolonging a series between two teams as unevenly matched as Belleville and Levis were.

It also eliminated the necessity of Kelowna waiting around for the series to be finished, something that we have always hated to see.

Last season, the Spokane Flyers of the WIHL won the Western final and had to wait more than a week for the Eastern champion to be decided. The long layoff took the edge off the Spokane team and they were easy prey for Whittby in the Allan Cup round. It looked like the Packers were going to be faced with the same problem until the CAHA stepped in.

Dates for the final series have not been set yet, but it is hoped that it will get started around the end of the week.

Quality of the McFarlands is not certain. Like Hildebrand, former WHL and AHL star is the playing coach. Other names we recognize are Bep Guidolin and Barton Bradley. Guidolin is a former National League and Bradley spent several years playing hockey for Western League teams.

They are bound to be tough, but, if the Packers will, I am sure to show the form they did against Winnipeg, they will, I am sure, have no trouble taking the old mug.

### SCHMIDT NOT WORRIED

## Bruins Confident Of Their Chances

BY W. R. WHEATLEY  
Canadian Press Staff Writer

BOSTON — (CP) Boston Bruins duly photographed both in civies and uniform, got down today to the more serious business of looking after the Stanley Cup final.

The Bruins sluffed Sunday's game to Montreal Canadiens, taking a 3-0 lacing and falling behind 2-1 at the hands of the National Hockey League champions in the best-of-seven series.

"There's nothing to get panicky about just because we lost a game," said Boston coach Milt Schmidt, carefully combing his hair for Monday's official picture-taking.

Schmidt said he was well satisfied with his team's play Sunday, "except for a couple of stupid penalties."

**STICKS WITH SIMMONS**  
Schmidt laughed off any intentions of a reported move to replace goalie Don Simmons with veteran Harry Lumley.

"I can't do anything else with the way the guy has been playing. I've just got to go along with him."

Coach Toe Blake of Canadiens abhorred any suggestion of victory for his team.

"The Bruins have a tough club and we've still got to win two more games."

Montreal veteran Floyd Curry may be lost to the club for the fourth game of the series. He came out of Sunday's game with a badly infected foot and was sent to hospital for examination.

"If I can't use Curry I'll use Bep," Oimstead, for penalty killing, said Blake.

Oimstead, bothered with a knee injury, gave way Sunday to McDonald, a husky Winnipeg boy brought up from Rochester of the American League.

"I thought McDonald played a good game," said Blake. "I'm not finding fault with the penalty he got. He did very well and I plan on using him again Tuesday."

**Maloney Leads WHL Playoff Scoring Race**  
SEATTLE — (AP) — Vancouver Canucks led the pace among individual scorers in the Western Hockey League playoffs with four goals and eight assists for 12 points in five games.

Seattle's Ray Kinasevich is second with nine points on five goals and four assists in six games, figures released by league headquarters Monday showed.

Kinasevich has the most goals and Maloney the most assists. Three players have eight points each. They are Rudy Eilion, Seattle, four goals and four assists in six games; Walt Pencosh, Vancouver, three and five in five games; and Guyle Fleider, Seattle, one and seven in six games.

McLeod opened the scoring at 7:47. Maloney carried the puck to the Winnipeg defence and passed to defenceman Brent MacNab. MacNab crossed the Warrior goal mouth and McLeod, crossing behind him, pushed in his rebound.

At 3:42 of the second period Glover tied the score, picking his own rebound off defenceman Bill Dobbyn's shin pads and firing the puck past Pelletier.

Canucks went one - up again when McLeod scored his second goal, this time on a power play, Frank Arnett was serving a slashing penalty when McLeod picked up Bill Polk's pass and pushed it into the open corner from close in.

Pelletier edged when he could goal.

Canucks turned on the pressure from the beginning.

Winnipeg defenceman Kent Douglas was penalized at the 17-second mark and McLeod and Phil Maloney combined to give Mikulian a rough time.

### THE KID EVENS THE SCORE

Kid Gavilan's famous left hook — seen here lashing out at "Tiger" Jones' misdirection in the fifth — worked overtime to gain a split decision for the former welterweight champion in a hard-fought rubber match in Philadelphia. The 32-year-old Cuban Kead thus avenged a defeat the plucky flopper from Yonker, N.Y., handed him in Miami Beach, Fla., last Feb. 19. It was Gavilan's 105th victory in an illustrious career spanning 15 years.

## Sports

## Belleville Awarded Series Over Levis

BELLEVILLE, Ont. (CP)—Belleville McFarlands, who scored enough goals in two games to win a best-of-seven series, are in the Allan Cup today as a result of their 6-0 victory over Levis in the Eastern Canada final, prompted the Canadian Amateur Hockey Association to halt the series at the end of two games and move the

### Wolves Put Country Before Club

LONDON — (AP) — Wolverhampton Wanderers, the English League leaders, put country before club Saturday to help England's build-up to the World Soccer Cup in Sweden in June.

The Wolves' manager, Stan Cullis, left half back stars Billy Wright and Bill Slater off his club team so they will be fit for the game against Scotland next Saturday.

Wright has a slightly injured calf muscle and Slater an injured ankle.

The England-Scotland match is a big tuneup for both countries before the World Cup in Sweden, June 8-29. First class performances by players on both sides will win a trip to Sweden.

"We could have risked them against Burnley, but decided it was best not to ask them to play," a Wolves official said.

"Both should now be ready for next Saturday's international," Wolverhampton and Burnley played a 1-1 tie.

### Gardner, Agostini Coming to Games

VANCOUVER (CP) — Two champions of the 1954 British Empire Games here will return to Empire Stadium June 6-7 to compete in the British Columbia centennial games.

They are Keith Gardner of Jamaica, 120-yard hurdle champion, and Mike Agostini of Vancouver, 100-yard sprint champion.

Gardner is running this spring for University of Nebraska and is a favorite to win the U.S. collegiate 120-yard hurdles crown.

Agostini, formerly of Trinidad, hopes to run for Canada in this year's BEG at Cardiff, Wales.

fell back into the net following a Warrior rush. He left the ice for a minute or two for repairs but returned.

Canucks' Ron Hutchinson and Ken Douglas of Warriors exchanged punches as the teams left the ice after the second period. Each received a major penalty.

At 8:10 of the third period, Moistenko, parked on Pelletier's doorstep, got Winnipeg back into contention when he pushed in Bruce Lea's pass.

About two minutes later Inter Kead raced in to bank in Mickey Keating's rebound as the Vancouver defence momentarily lapsed, leaving Pelletier unprotected on the play.

With Stratton, Glover and Earl Ingardfield leading their cohesive offensive, Warriors kept Canucks bottled up.

At 13:20, Stratton iced the game for Winnipeg when he deflected Danny Summers' screen shot from the point past the Vancouver goalie.

French Soccer Stars Vanish

PARIS (Reuters) — Eleven of France's leading professional soccer players — all of them Algerians — were reported Monday night to have disappeared.

As police tried to trace them, a report from Tunis said two had been seen there.

Fears swept the sporting world that the Algerian insurgent movement was putting into operation a plan to "split away" the footballers, all of whom belong to first division teams.

But teammates said several of them had expressed opinions on the Franco-Algerian issue which might indicate their disappearance was voluntary.

# Packers Take Western Canadian Hockey Title

## Maroon's Robinson Predicts Packers Will Win Allan Cup

KELOWNA, B.C. — (CP) — Bill Robinson, coach of the Winnipeg Maroons, says he is certain Kelowna Packers will win the Allan Cup after eliminating his team Monday night.

Robinson gave his opinion in the Winnipeg dressing room following Maroons' 3-1 defeat in the fifth game of the best-of-seven western final, won by the Packers 4-1.

"I know that these boys will win the Allan Cup," said the Winnipeg coach. "We have a heck of a good second-best club here, but they (the Packers) really have a hockey club."

The Packers showed the benefit of season-long stiff competition in ousting the Maroons, who played only exhibition games prior to the playoffs.

Kelowna had to battle every inch of the way to win the Okanagan League and British Columbia crowns.

Monday night they struck for three goals in the space of less than seven minutes in the second period to take a lead which Winnipeg could not seriously threaten.

Bill Svarbrick, pint-sized centre filling in for the injured Ray Powell, opened the scoring shortly after the halfway mark when he pounced on a loose puck and shot it low past Winnipeg netminder Jim Henry.

Two quick goals by stocky Moe Young iced it. Young intercepted the puck in his own zone while his team was a man short and outstripped two Maroons before driving it ankle-high into the net.

A short time later he took possession of a loose puck and drove it home to make the count 3-0.

**BREAKS SHUTOUT**  
Chuck Lumsden scored the Maroons' goal at 19 seconds of the third period, driving in a high point shot that was slightly deflected.

Led by Bill (The Beast) Juzda, Winnipeg attempted to apply the pressure but a series of Packers breakaways nullified their efforts and Kelowna withstood the

**San Francisco Makes Bid for All-Star Game**  
SAN FRANCISCO (AP)—Pres. Warren G. Lee of the National League Monday was asked to make San Francisco the site of baseball's all-star game in 1961.

Mayor George Christopher, on speaking at a civic luncheon honoring San Francisco's new Giants, said he understood that would be the first year in which it would be possible to have the game here and asked Giles' turn to speak.

When it came his turn to speak, the league president replied: "That's a big order, but whatever persuasive powers I have with the other members of the league, I will try to get them to through the league champion designate San Francisco as the Detroit Red Wings four straight host city."

And clubs finishing in this last playoff spot haven't done very well in these post-season skirmishes.

The bantams and figure-filberts might like to know that since the NHL became a one-division league back in the 1939-39 season, the team finishing fourth has advanced to the cup final four times. That works out at once every one-fourth place finisher — the late-lamented Toronto Maple Leafs — has ended with all the marbles.

That happened in 1949 when the Leafs capped a so-so season—22 victories, 25 losses and 13 ties in 60 games — by knocking over the second-place Bruins in five in the semi-finals and whipping through the league champion designate Detroit Red Wings four straight.

home, which they started at 1 a.m.

In one corner, Bill, The Beast, Juzda, grinned ruefully when asked if he thought he would make a fourth attempt to wrest the Patton Cup from B.C.'s possession.

"I don't think so," he said quietly and continued pulling off his strip.

This advertisement is not published or displayed by the Liquor Control Board or by the Government of British Columbia.

# Majors Have New Look; All Teams Start Today

By THE ASSOCIATED PRESS  
Washington Senators lead the American League, the Dodgers and Giants meet in San Francisco and the world championship baseball pennant flies from an old telephone pole in Milwaukee. It sounds as though they've made a travesty of the game. But that's the way things were today for the full-treatment opening of the 1958 major league season.

The perches occupied by the Senators and the world series trophy are only temporary. Los Angeles Dodgers and San Francisco Giants meet before a capacity crowd of 23,400 at Seals Stadium for the first major league game ever played in California.

A total crowd of about 227,400 was estimated for today's eight games, with Commissioner Ford Frick and National League President Warren Giles sitting in on the ceremonies at San Francisco.

**BRVES AT HOME**  
The NL champion Milwaukee Braves, meanwhile, opened at home against Pittsburgh Pirates, with Philadelphia at Cincinnati and Chicago Cubs at St. Louis for

a night game with the Cardinals. In the American League, the defending champion New York Yankees meet the Red Sox in Boston. The Red Sox were defeated 5-2 Monday in the traditional early opener at Washington.

AL President Will Harridge was at Chicago for the White Sox' opener against Detroit Tigers. Kansas City was at Cleveland and Washington at Baltimore in other games.

While old hands drew the pitching assignments, Don Drysdale for the Dodgers and Ruben Gomez for the Giants, there were a few new faces to go along with the new surroundings in San Francisco. The Giants had three rookies in the lineup, Jim Davenport at third base, Willie Kirkland in right field and Orlando Cepeda at first base. The Dodgers had one rookie—Dick Gray at third.

**SPAHN STARTS**  
Southpaw Warren Spahn, the National League's lone 20-game winner (21-11) last season, started for the Braves in a try for his 25th major league victory. Righthander Bob Friend (14-18) was the Pirates' choice. Ted Kluszewski, late of Cincinnati, was Pittsburgh's first baseman, while Harry Hanebrink replaced the injured Wes Covington in the outfield for the Braves, who were forced to use the telephone pole when their custom-made pennant pole was late in arriving.

The Yankees, with shortstop Tony Kubek and utility man Harry Simpson on the injured list, decided on righthander Don Larsen (10-4) at Boston against Willard Nixon (12-13). Gene Stephens again played left for the Red Sox as slugger Ted Williams fought off the effects of food poisoning.

The biggest AL crowd, 35,000, was expected at Cleveland, where young Herb Score (2-1) started his comeback from last season's eye injury against Kansas City and veteran righthander Ned Garver (6-13).

**20-GAME WINNERS**  
Detroit's Jim Bunning (20-8) and Chicago's Billy Pierce (20-12) the American League's only 20-game winners last season, started at Comiskey Park with both the White Sox and Tigers well aware they'll need a quick start to be contenders. Detroit's new face was Billy Martin, the former Yankee by way of Kansas City, who is making a shift from second to short.

The Orioles picked Connie Johnson (14-11) to face the Senators and Camilo Pascual (8-17).

**LADIES' SOFTBALL MEETING TONIGHT**  
Spring meeting of the Penton Women's Softball team will be held tonight in the Hotel Prince Charles at 8 p.m.

All prospective players and interested persons are asked to be on hand.

George Christie has taken over the job of coaching the club and expects to have one of the best teams in years.

**Pancho Far Ahead**  
HAMILTON, Bermuda (AP)—Pancho Gonzales, the towering world professional champion, won a tough 5-7, 8-6, 6-4 decision from Lew Hoad Monday to sweep their two-match tennis series here. The triumph also sent Gonzales into a 33-23 lead in their 100-match series.

**Buffalo Will Play In Cuba After All**  
MIAMI (AP)—Buffalo Bisons in an about-face move, announced Monday they will open their International League baseball season in Havana Wednesday.

John Stigmeier, president of the Bisons, advised Frank Shaughnessy, the league president, of the decision in a telegram.

"The situation is cleared up," said Shaughnessy. "Every club in the league is ready to go."

In a special meeting here Sunday, the league directors voted to open the season in Havana as scheduled and to penalize any club that did not abide by the schedule.

Stigmeier said then he would not send his club to Havana because of the frequent outbursts of violence between President Batista's troops and Fidel Castro's rebels.

The sudden shift in Buffalo's feelings stemmed, in part, from a telephone call from U. S. Ambassador Earl T. Smith in Havana, who reported that quiet prevails there.

**SOCCER RESULTS**  
LONDON (Reuters)—Results of soccer matches played Monday night in the United Kingdom:

RACING GETS MUDDY START

Some 7,613 hardy fans braved snow and cold to usher in the 1958 Canadian racing season at Fort Erie, Ont. Here Canuck John, owned by Dew Valley farm romps through the mud to victory in the third race. Brown Panther of Stafford Farms is second and Minstrel third.

## Basilio Must Take Small Purse Again

NEW YORK — (AP) — If Carlin even share — if he decides to fight again — Sugar Ray smiled and said, "Doesn't Basilio know the law says the champion has to get more. I know Carmen doesn't want to break the law."

Robinson, reigning over the middleweight boxing division for the fifth time, made that plain shortly after he had masterminded sparmate Otis Woodard to an upset 10-round decision over Eddie Andrews Monday night. Rocky Graziano, an old ring foe of Sugar Ray's, handled Andrews.

To the question of whether he intends to fight again, Robinson replied, "When you got something somebody wants, you're in business. My business is boxing."

On Basilio's demand for an even share — if he decides to fight again — Sugar Ray smiled and said, "Doesn't Basilio know the law says the champion has to get more. I know Carmen doesn't want to break the law."

**City Council To Help Open BR League**  
Indicative of city council's close touch with sports affairs, Mayor C. E. Oliver and as many aldermen as can attend will be on hand at King's Park Saturday evening, May 3, to participate in the official opening of another Penton Babe Ruth League schedule.

Request for council's participation was made last night at the weekly council meeting by Lyn Coates on behalf of the league.

Mr. Coates also asked that council participate in the opening of the B.C. Babe Ruth finals at Penton, July 24, when the seven best teams in the province will compete for the provincial championship. The event will be covered by CBC television, Mr. Coates said.

He was asked to renew this second request a week prior to the finals.

Meanwhile, Ald. F. P. McPherson reported that the banquet which the city was giving for the city's champion juvenile and pee wee hockey teams, along with their coaches and managers, would be held Saturday evening, April 19, in Hotel Prince Charles, beginning at 6 p.m. Any parent who might wish to attend with their youngsters are asked to let the hotel know by Friday afternoon, Ald. McPherson said.

## WIN THREE STRAIGHT

# Victoria Juniors are Canadian Champions

VICTORIA (CP)—Victoria Vikings defeated Windsor AKO 62-49 Monday night to take the best-of-five Canadian junior basketball final 3-0 and bring back to the coast the Bowering Cup after it had been in the east three years.

Despite a major change in tactics, AKO couldn't find an answer to a well-balanced Victoria attack which kept the home team ahead all the way. The Vikings won 71-56 Friday and 61-43 Saturday.

Monday night's star was Windsor centre Bob Hanson who led a gallant but ill-fated effort to turn the tide, scoring 13 points.

AKO coach Frank Wansbrough used his zone defence, with Hanson as the key man, and during the first half it looked as if the move might be successful. But the fouls piled up against Hanson.

The score was 47-42 for Vikings when Hanson drew his fifth foul.

**Arcaero Shooting For York Derby**  
NEW YORK (AP) — Eddie Arcaero, with five Derby winners to his credit, will ride Jewel's Reward in the Kentucky Derby at Louisville May 3.

Mrs. Elizabeth N. Graham, owner of the Maine Chance farm, made the announcement Monday at Jamaica where the horse and rider worked out for Saturday's running of the Wood Memorial.

foul with 6½ minutes remaining in the game.

Ken Brousseau and Ken McCulloch led a Viking rally in the final minutes which found its mark easily with Hanson out of the way and left the visitors out in the cold.

"It had to be a good team to beat my boys," said Wansbrough later.

"We lost to a great team. We tried something new out there for a time and I thought it would work. But when Bob Hanson fouled out, that proved to be the killer," he said.

Vikings led 32-5 at half-time and 47-38 after three quarters. Top Victoria scorers were Brousseau and McCulloch, with 13 points each, and Bob Tomlinson with 11.

The Vikings, coached by Bill Garner, took the title for the first time to avenge three straight defeats at the hands of Toronto's YMHA Whites. Last B.C. team to hold the cup was Vancouver Marpole in 1954.

**Pacific Coast Baseball Season Now Underway**  
By THE ASSOCIATED PRESS

The Pacific Coast League opens its 55th year today with two afternoon and four night games. One of the night games will be in the home park of one of the three new members of the league—Phoenix, Ariz., to which has also been moved league headquarters.

San Diego Padres meet Phoenix Giants in the evening. Other games today will be played in established PCL cities. Spokane, another new league member, plays a day-night split doubleheader in Seattle.

At Portland there will also be a split doubleheader with Sacramento.

The other game will be at Vancouver with the third newcomer, Salt Lake City, facing the Mounties who ended last season in second place.

## Yacht Club Getting Set for Big Season

At a meeting held Monday evening, Yacht Club members were given an outline of the developments to date on the season's objectives. The program of spring work parties, as outlined by Vice-Commodore John Glass, will be completed before the end of May so that a full season of activities can be enjoyed by all members.

The work which was commenced in February will result in increased parking area, launching facilities, an additional dock for increased moorage for up to twenty-five boats, running water and rest rooms in the club house and a large verandah fronting on the lake which will be used for social events.

The meeting set a date of June 1st for a housewarming party and sail past and the event is eagerly anticipated as an occasion for the club's 120 members to get together for the first time at their own club premises.

An active and varied schedule was outlined for sailing members by Committee Chairman Dr. Earnshaw and it is anticipated that boats from as far away as Vancouver will compete in the events to be held.

Jim Leeson was appointed to the special events and competitions committee and committee heads, Dr. Boyd and Jim Britain gave reports. Pennants and cap badges have now been made available for members. A full and enjoyable season of boating is expected.

**Baltimore Catcher Sent to Mounties**  
BALTIMORE — (AP) — Tommy Patton, 22-year-old catcher from Honey Brook, Pa., was assigned by Baltimore Orioles to Vancouver of the Pacific Coast League Monday.

The assignment came as Patton returned from military service. He was in one major league game last year, going hitless in two tries for the Orioles. In 71 games with San Antonio of the class AA Texas League he hit .262.

**HOCKEY TRAIL**  
WESTERN LEAGUE  
Winnipeg 4, Vancouver 2.  
Best of seven semi-final tied 2-2.  
Winnipeg 3, Vancouver 1.  
Winnipeg 3, Olin 6.  
Best of five final tied 1-1.  
Winnipeg 3, Olin 6.  
R. Boniface 3, Reineke 2.  
Reineke leads best of seven semi-final 3-2.

**Winnipeg (CP) —** End Norm Rauhaus has been signed for the 1958 season by Winnipeg Blue Bombers of the Western Interprovincial Football Union, the club announced today.

Rauhaus, 22-year-old Winnipeg product who moved up to the Bombers from Weston Wildcats in 1956, also plays as a defensive back. He is six-foot-one and weighs 190 pounds.

**IKE WATCHES SENATORS WIN**  
WASHINGTON (AP) — Pedro Ramos, 22-year-old Cuban right-hander pitching his first opening day game, a 2-1 lead in a nearly-pitched house at Griffith Stadium Monday, Ramos set Boston down with five hits and hurled Washington to a 5-2 surprise victory over the Red Sox.

The Senators made the most of shaky Boston fielding in the sixth inning to crack open the game with three unearned runs.

Jackie Jensen lined a homer into the left field bleachers in the third to account for both Boston runs. Don Buddin, who had singled, trotted across ahead of Jensen.

Jim Lemon drove a solo homer into the same seats in the fourth for the Senators' first run.

**PERFECT WEATHER**  
A crowd of 26,075, including President Eisenhower, watched the game — first of the year in either league. They enjoyed per-

fect 70-degree weather. Eisenhower was rooting as usual for the Senators.

Boston suffered the loss of Ted Williams, who came down over-night with a severe attack of food poisoning. Gene Stephens took his place in left field.

Boston trainer Jack Fadden said Williams may be able to play when Boston opens at home today against New York Yankees but no decision will be made until later.

Shortstop Buddin, fresh out of the army, scored, but was one of the chief Red Sox cut-pris afield. He threw wide to first on Jim Lemon's routine grounder at the start of the sixth and the error enabled Washington to hang on for its three big runs in that inning.

Frank Sullivan, the six-foot-seven righthander and eventual loser, walked Norm Zauchin. After Herb Pilew and Rocky Bridges filed out, Ramos himself

singled Lemon home with what represented the winning run.

**SLICK FIELDING**  
Eddie Yost's one-bagger brought in Zauchin and Pedro. Yost rapped out two singles in five appearances and also did a slick fielding job at third. Playing in his 11th opening game, Yost saved the Senators two runs in the first when he made a diving slab of Jensen's low liner with the bases loaded.

Frank Malone then hit into a double play to get Ramos out of difficulty.

Sullivan got to third with two out after doubling in the fifth but by this time Ramos had settled down and got Stephens on an out-field fly to end the inning.

Pedro, who now has a 12-5 career record against the Red Sox, demonstrated again that he has Boston's number. He struck out one and walked four, but after the fifth allowed only one man past first base.

**GOODYEAR INTRODUCES A NEW 3-T NYLON TIRE**

## Rules — Important — Read Carefully

- Place an X in pencil over the alphabet letter to right of the numbers on your card. If the same number appears properly in the SUPER-VALU newspaper ad.
- In each week's SUPER-VALU newspaper ad 30 numbers will each be enclosed in a square-circle-diamond, etc. You can match these numbers with numbers of any card.
- If you have five consecutive numbers in a row down, across or diagonally—you have a winning card. To receive your gift, return the card as instructed on the back of the card.
- Numbers on your card are to be matched against numbers in the SUPER-VALU newspaper ad. Check the SUPER-VALU newspaper ad carefully.
- Cards can be played on any of the newspaper ads or reprints during the twelve weeks but cards are winners and redeemable only if played on an individual week's newspaper ad or reprint in stores and all 30 numbers that work in the newspaper ad are surrounded by the same shape-circle-square-diamond, etc.
- We reserve the right to correct any typographical or other error or errors which might appear in any published matter in connection with this game, and reject winning cards not obtained through legitimate channels.
- "CROSS-OUT" card are given away freely at all SUPER-VALU stores, no purchases are required.
- Elimination contest will be held if cards are sent in for more than two automobiles, one milk stove, refrigerator, and one range.

Canada and U.S. Patent Pending — U.S. 1937, 1954, 1955, 1956 and 1957, Canada 1956 and 1957 by "Cross-Out" Advertising Co., Inc., Box 551, St. Louis, Mo., U.S.A.

**ULTRA modern—three bedroom** N.H.A. home for sale. For particulars, phone 5692. 88-114

# Success Comes To Film Maker

By BOB THOMAS

HOLLYWOOD (AP) — "Miss acting? Not on your life. I do my acting behind the camera now."

This was George Breakston, whom I last remembered as the star of Great Expectations, 1934, and Mickey Rooney's pal in the Andy Hardy series. Now he is 39, mustached and a world-wide film maker. But he still has a boyish attitude toward movies.

It's an exciting business for him. His bases of operation range from Nairobi to Tokyo to London to Hollywood.

Born in Paris of a French mother and American father, George came to this country in 1927, started in radio in 1929. Hollywood discovered him as a boy actor of unusual sensitivity, later neglected him.

"I quit acting in 1940," he recalled. "Why? I liked to eat. I was 20 and I couldn't see spend-

ing my life waiting for an agent to call about a job. I decided to get into the production end."

**WAR CAME**

After the war, which interrupted his start, he decided to strike out on his own, internationally. His first venture was making Urubu in Brazil. Then came Jungle Stampede in Africa and Tokyo File 212 in Japan.

George has just returned from Africa where he filmed 39 films for the Gross-Krasne TV series, African Patrol, 13 for another series Adventures of a Jungle Boy. All this plus two features, Mad Man of the Jungle and Woman and the Hunter.

He takes off shortly for Japan to film a couple of pilot films with Oriental backgrounds. He has his own distribution company in Japan.

"I have no complaints now," he said. "But there have been times when it has been touch-and-go. I can recall when I finished Urubu and I couldn't get anyone interested in it. My wife and I were down to 50 cents at one point."

He has homes in Tokyo and Nairobi, where his wife is now. They have a daughter who attends school in Switzerland.

## SALLY'S SALLIES

"Oh, Doctor, you look as though you'll feel the drilling yourself!"

## CONTRACT BRIDGE

By B. Jay Becker

(Top Record Holder in Masters' Individual Championship Play)

North dealer, North-South vulnerable.

NORTH		EAST	
♠ A 8 6	♠ 7 6 4 3	♠ A 10 9 7	♠ A 10 9 7
♥ K Q 9	♥ Q 9 6 4 2	♥ A 10	♥ A 10
♦ K 8 3	♦ Q 9 6 4 2	♦ A 10	♦ A 10
♣ A 7 6 4	♣ Q 9 6 4 2	♣ A 10	♣ A 10

The bidding:  
North East South West  
1NT Pass 3♣ Pass  
4♣ Pass 6♣

Opening lead — jack of diamonds.

Probably the most mystifying play in bridge is the one known as the smother play.

Anyone holding the West cards, and seeing dummy, would certainly be justified in thinking he had an absolutely sure trump trick which could not be taken away from him.

Yet the fact is that West's trump trick can be smothered out of existence, and there is nothing he can do to prevent it.

Declarer is playing a six spade contract and sees that the possible losers are a spade and a club. The chance of escaping a

club loser is rather remote, so declarer hopes he can trap West's king of spades if West has it.

South wins the diamond lead with the ace, and leads the queen of spades which West, of course, does not cover. The finesse succeeds and South repeats the finesse, the jack winning the trick as East shows out.

The king of spades now appears to be a sure trick, but it is nevertheless subject to capture if the defenders' cards are suitably distributed. Declarer has no choice but to play on the basis that the hoped-for distribution exists. The aim is to build up a situation where the spade king can be trapped.

Further trump leads are abandoned. The king of diamonds is cashed and a diamond is ruffed. Three heart tricks are then taken as everyone follows suit. Next the A-K of clubs are cashed and the club loser is given up.

East wins the club and must lead either a heart or a diamond. Eleven tricks have already been played—two spades, three hearts, three diamonds, and three clubs.

When East leads to the twelfth trick, South's two cards are 10-9 of spades, West has K-5 of spades, and dummy has the ace of spades and seven of clubs.

Declarer trumps with the nine. West's king of spades is no longer a trick. It is smothered.

Tomorrow: See through the backs of the cards.

## B.C. Gets Jump On Spring Seeding

By THE CANADIAN PRESS

An unusually mild winter is expected to give Canadian farmers a jump on spring seeding this year.

A survey by The Canadian Press shows British Columbia got a head start after its mildest winter on record. Crops there will be about the same as last year, judging by seeding plans, with possibly a slight decrease in wheat acreage.

Alberta's soil is expected to be in shape for seeding in plenty of time. Alberta also had a comparatively mild winter, with frost leaving the ground fast.

Saskatchewan's farmers will start seeding this month, unless
